Company Overview

SPI Energy Co., Ltd. (SPI) is a global renewable energy holding company and provider of solar storage and electric vehicle (EV) solutions for business, residential, government, logistics and utility customers and investors. The Company provides a full spectrum of EPC services to third-party project developers, as well as develops, owns and operates solar projects that sell electricity to the grid in multiple countries, including the U.S., the U.K., Greece, Japan and Italy. The Company has its US headquarters in Santa Clara, California and maintains global operations in Asia, Europe, North America and Australia.

Value Proposition

Delivering competitive, clean energy solutions to customers for more than 16 years, SPI is an established renewable energy player with global operations in key markets in Asia, Australia, North America, and Europe. SPI has assets of more than \$217 million and currently trades for just over 1x its trailing 12-month (ended December 31, 2020) revenue of \$138.9 million, well below peer group multiples. The Company has shown significant improvement to its financial performance in recent years with decreasing losses and a trend toward near-term operational profitability. In September 2020, the Company announced the launch of a new EV subsidiary, EdisonFuture, which has already acquired the leading medium-duty electric drivetrain manufacturer, Phoenix Motorcars and established partnerships to strengthen its EV supply chain and sales infrastructure. Recently announced plans to spin off SolarJuice and Phoenix Motor in IPOs, providing additional upside opportunity for shareholders of record.

Investment Highlights

1. **Well Positioned** in Fast Growing Electric Vehicle (EV) and Renewable Energy Market
2. **Proven Record** of Delivering Renewable Energy Solutions to Global Market for 16 years
3. **Leading Manufacturer** of Medium-Duty EV Bus & Trucks, made in California with 2.75 million+ miles of on-road experience
4. **Recently Launched** a Next Generation Pickup Truck Coming 2023
5. **Strong Revenue Base** and Trend Towards Near-Term and Long-Term Profitability, with growing gross margin
6. **SPI Subsidiaries**, SolarJuice & Phoenix Motor are Ready to IPO, with SPI Retaining Controlling Ownership
7. **Leading Renewable Energy Solution Provider** for Residential Market in Australia & USA
8. **Strong, Experienced International Management Team**
9. **Trading at Significant Discount** vs. Peer Group Multiples
